## 2024-2025 School Accountability Report Card (Published During the 2025-2026 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2025-26 School Description and Mission Statement

Westbrook Elementary is the newest elementary school in the respected Roseville City School District. The school is committed to providing a nurturing and inclusive learning environment for students from diverse backgrounds. With a dedicated team of educators, Westbrook Elementary strives to push students to their highest potential academically, socially, and emotionally. The school's mission is to foster a love for learning while building resilience in students. By encouraging students to overcome challenges and persevere, Westbrook Elementary aims to equip them with the necessary skills to succeed in all aspects of life.

At Westbrook Elementary, creating a collaborative community is a core value. The school believes in the power of teamwork and recognizes that collaboration is essential for student growth and development. Teachers, staff, and parents collaborate to create a supportive and inclusive environment where every student feels valued and respected. By fostering a sense of community, Westbrook Elementary aims to create an environment where students can thrive and reach their full potential. The school encourages students to work together, share ideas, and learn from one another, promoting a sense of unity and cooperation. Through this collaborative approach, Westbrook Elementary aims to equip students for a successful future in an increasingly interconnected world.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

## 2021-22 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)

## 2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Roseville City Elementary held a public hearing on September 25, 2025, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption.

## School Facility Conditions and Planned Improvements

### General

The District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the Maintenance Office.

### Maintenance and Repairs:

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The District annually inspects wheelchair lifts, tests fire extinguishers, inspects and services all playground backboards, replaces bark on playgrounds and landscaping, and services HVAC units.

### School Facility Good Repair Status:

Overall Summary of School Facilities Repair Status-Exemplary

## School Facility Conditions and Planned Improvements

The inspection included a check of possible gas leaks, mechanical systems, interior and exterior doors and windows, interior surface areas, structural damage, electrical, playground equipment, and hazardous materials. In all areas this school passed inspection.

### Cleaning Process and Schedule:

The District has adopted cleaning standards for all schools in the District. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

### Deferred Maintenance Budget:

The District participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repairs or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. Since 2008- 2009 the State has suspended the program due to State Budget Reductions. The District still maintains its own program.

This is Westbrook's opening year and all facilities are currently under warranty by the builder.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

### 2024-25 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

**State Priority: Parental Involvement**

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Westbrook Elementary strongly believes in the importance of parent involvement in a child's education. The school offers a range of opportunities for parents to engage in their child's learning journey actively. One such opportunity is the Parent-Teacher Club (PTC), which serves as a platform for parents to engage with teachers, administrators, and other parents. The PTC organizes events, fundraisers, and workshops that promote parent involvement and support the school community. By joining the PTC, parents can have a direct impact on their child's education and contribute to the overall success of Westbrook Elementary.

In addition to the PTC, Westbrook Elementary provides other councils and committees for parents to join. Our School Site Council team plays a crucial role in shaping the policies and decisions that affect the school community. Our English Learner Advisory Committee (ELAC) is focused on supporting English Learner (EL) students and their families.

Parents can volunteer in the classroom, assisting teachers with activities and projects. They can also participate in school events and field trips, providing valuable support and enriching experiences for students. Westbrook Elementary recognizes that parents have unique skills and talents that can benefit the school community. Therefore, the school welcomes parents to share their expertise by leading workshops, giving presentations, or organizing extracurricular activities. By actively involving parents in the educational process, Westbrook Elementary strives to establish a strong partnership between home and school,

**2025-26 Opportunities for Parental Involvement**

thereby fostering a collaborative environment that enhances student learning and success. To learn more about parent involvement opportunities, please call our school office (916) 771-1910.

2025-26 School Safety Plan

The Roseville City School District has developed a Crisis Response Plan that outlines the procedures to be followed in the event of an emergency affecting a school site. The plan includes procedures for coordinating resources to respond to any

2025-26 School Safety Plan

emergency including natural disasters, environmental health issues, accidents, or intruders. Staff have been assigned roles and trained to work efficiently with each other and with other public service officers to ensure the safety of students and staff.

Westbrook Elementary is committed to providing a safe and secure learning environment for all students, staff, and visitors. The school has developed a comprehensive school safety plan that encompasses various measures to ensure the well-being of the school community. The plan includes a combination of preventive, responsive, and recovery strategies to address potential safety threats.

Westbrook's comprehensive school safety plan includes the implementation of security measures. All visitors are required to check in at the main office and wear identification badges while on school grounds. Westbrook has also established emergency procedures and conducts regular drills and trainings to prepare students and staff for various emergency situations, such as fire drills, lockdown drills, and earthquake drills.

Additionally, Westbrook Elementary places a strong emphasis on fostering a positive and inclusive school climate. The school promotes a culture of respect, empathy, and kindness, which helps to prevent incidents of bullying and promotes a sense of belonging among students. Westbrook also has a comprehensive anti-bullying policy in place, which includes reporting mechanisms and intervention strategies to address and resolve any bullying incidents.

Overall, Westbrook's comprehensive school safety plan prioritizes the physical and emotional well-being of the school community. By implementing security measures, establishing emergency procedures, and promoting a positive school climate, Westbrook Elementary ensures that students can learn and thrive in a safe and supportive environment.

Our Comprehensive Safety Plan was approved on December 8, 2025, by our School Site Council and will be submitted to the board for final approval in February 2026.

## Fiscal Year 2024-25 Types of Services Funded

Westbrook Elementary receives district funds to support its academic, behavior, and social-emotional educational programs. Reading intervention materials, such as Heggerty, RAZ Kids, and Focus on Reading, have been purchased with LCFF funds to support teachers in providing targeted interventions for students. LCFF funds were also used to buy iXL math for grades 2-5 to provide additional math support. District funding provided all students in grades K-1 access to Lexia and grades 2-5 access to iReady instruction in ELA. These programs also provide additional reading support. Students in grades K-5 are provided with 1:1 access to Chromebooks, which are district-funded. LCFF funds are also utilized to support our school-wide Positive Interventions and Supports Program.

## Professional Development

Westbrook Elementary aligns its professional development with the Roseville City School District's three-year plan. Staff participate in four districtwide professional development days that include both district and site-based sessions focused on advancing site goals within the district's overall priorities.

Our staff has participated in professional development related to analyzing data to improve instruction, Positive Behavior Interventions and Supports (PBIS), Restorative Practices, and effective instructional practices.

Professional Development

At Westbrook, professional development provides an opportunity to build relationships among staff members. Through collaborative workshops, team-building activities, and shared learning experiences, educators have the chance to connect with their colleagues on a deeper level. By engaging in relationship-centered activities, staff members can develop a sense of camaraderie and trust, which strengthens their ability to work collaboratively and support one another. These relationships foster a positive and supportive school culture, where staff members feel valued and empowered to contribute their unique perspectives and expertise. Ultimately, relationship-focused activities among staff help create a cohesive and united team dedicated to the success and well-being of all students.

In addition to our focus on building relationships, Westbrook offers professional development centered on the Multi-Tiered System of Support (MTSS). Westbrook teachers can proactively identify students who may be struggling and provide targeted interventions to meet their specific needs. This tiered approach allows for early intervention and prevents students from falling behind. Additionally, MTSS promotes collaboration among educators, families, and other support professionals, ensuring a coordinated and comprehensive approach to supporting students. By utilizing MTSS and providing opportunities for students to practice and review the process, Westbrook can create a supportive and inclusive environment where all students have the chance to thrive and reach their full potential.
